

Guide for STA Online Application System(Overseas Students)

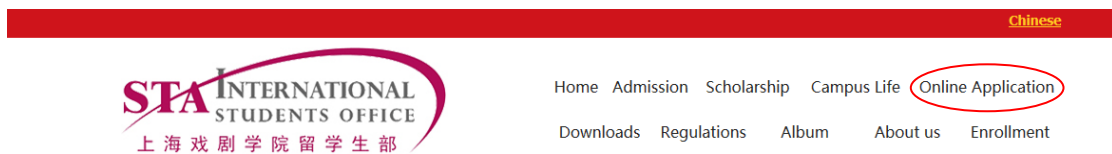

1. Register

1) Access STA online application system through the link:

http://isoadmission.sta.edu.cn/?m=module_sta_user.ui_portal.route

Please use Google, IE8.0+, or Firefox browser.

You can also access our official website <http://www.sta.edu.cn/english/> and click the button **Online Application** to enter the system.

2) Register user with your email.

The system will send a verifying letter to the email you register with. You need to complete the verification to succeed in user registration.

If You can not receive the verifying letter sent by the system, please do the following:

- Change the registration email and try again. The most commonly used emails in mainland China are strongly suggested.
- Or contact the administrator (sta_international@163.com) to pass you in the back stage.

2. Submit online application

1) Choose correct Identity.

2) Fill in the information and upload the attachments required.

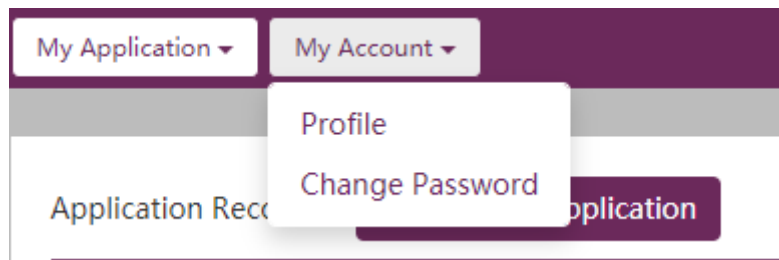

Reminder:

- Save page by page.
- Please note **SAVE** is different from **SUBMIT**. Only all required information (red grids) is completed could you submit your application finally. Once your application is submitted, you cannot edit your information anymore unless it's rejected by the administrator.

3. Check your application status and history.

Serial	Application Code	Application Status	Program Type	Create Time	Submit Time
01	20190309001	Matriculate	Degree	2019-03-09 11:31:03	2019-04-19 16:54:50

4. Check personal account information and change password.

If you forget your current password, please contact the administrator to restore the initial password.
