Guide to STA Online Application Portal(Overseas Students)
1. Register

1) Access STA online application system through the link:
https://isoadmission.sta.edu.cn/

Please use Google, IE8.0+, or Firefox browser.

OR You can access our official website https://www.sta.edu.cn/english/ and click the button **Online Applicaiton** to enter the system.

2) Register user with your email.

The system will send a verifying letter to the email you register with. You need to

complete the verification to succeed in user registration.

If You can not receive the verifying letter sent by the system, please do the following:
- Change the registration email and try again. The most commonly used emails in mainland China are strongly suggested.
- Or contact the administrator (sta_international@163.com) to pass you in the back stage.

2. Submit online application

1) Choose correct Identity.
2) Fill in the information and upload the attachments required.
Reminder:
- Save page by page.
- Please note **SAVE** is different from **SUBMIT**. Only all required information (red grids) is completed could you submit your application finally. Once your application is submitted, you cannot edit your information anymore unless it's rejected by the administrator.

3. Check your application status and history.

4. Check personal account information and change password.
If you forget your current password, please contact the administrator to restore the initial password.

Reminder:

1. Choose the Correct Program (Degree/Non-degree/Short-term group). You can consult us before you start application. Wrong program information may lead to the failure of application acceptance.

2. Exchange student refers to the candidates nominated by STA exchange partners. Self recommended candidates please choose "No".

3. Remember to upload required documents in ATTACHMENTS! Different programs require different documents. Please refer to the specific Brochure/Announcement or consult us before application.
